EXPERIENCE

PLUTOS UNIQUE ACCOUNT SERVICES

Cebu City, Cebu

Product Manager

Dec 2022 - Dec 2024

- Spearheaded the project through the entire SLDC including design, planning, and execution of a Real Estate Marketplace web app made with Node.js and React, hosted on GCP
- Engaged with target audience to iterate and get feedback on features and designs; prototype garnered interest in professional events such as BNI Philippines
- Processed LGU geodata to parse into **Google Maps** with a 90% confidence rating when searching for cities

Researcher

Mar 2022 - Dec 2022

- Conducted market research to assess feasibility for technical solutions in various fields through government data, on-the-field data gathering, and interviews

AARKI INC.,

Makati City, NCR

Data Analyst

Jan 2020 – Dec 2020

- Strategized the ad campaigns of multiple Asia-based apps on both IOS and Android platforms leading to high KPI satisfaction on key accounts using **MySQL, Google Sheets, and Tableau**
- Collaborated with multinational teams to coordinate brand experience, campaign direction, and in-house programmatic ad strategy

PROJECTS

Note-Taking App with AI

May 2025

- Wrote a guided **Typescript** project that used **Next.js, Supabase, Prisma ORM, and React.js** with **OpenAI** integration to make a real-time cloud app that used AI with note-contextual knowledge

Project Kafu

February 2024

- Researched and led the development effort for a Real Estate platform made with Google Maps, React, and Node.js throughout its SDLC as a product manager

EDUCATION

ATENEO DE MANILA UNIVERSITY

Quezon City, Metro Manila

Bachelor of Science in Computer Science

2019
